

Enhancement of Waterfront Accessibility at Former Runway

Access Road to Runway under Construction

Enhancement to Landscaping Work and Accessibility to Waterfront

Enhance visual permeability

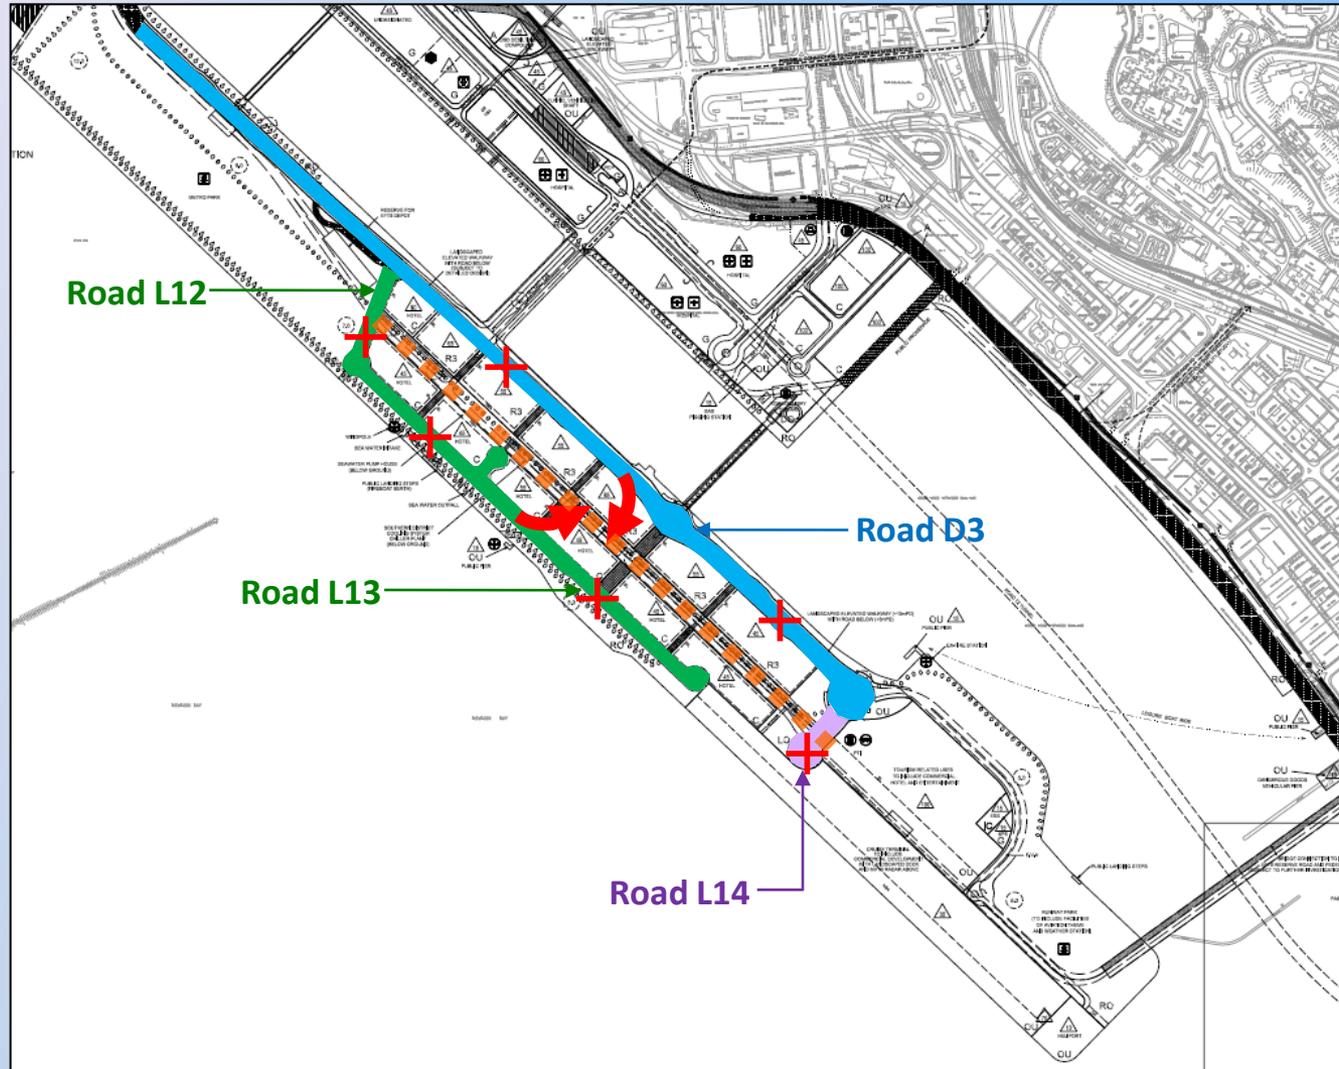

Enhance landscaping works for better access and experience

Road Realignment being Explored

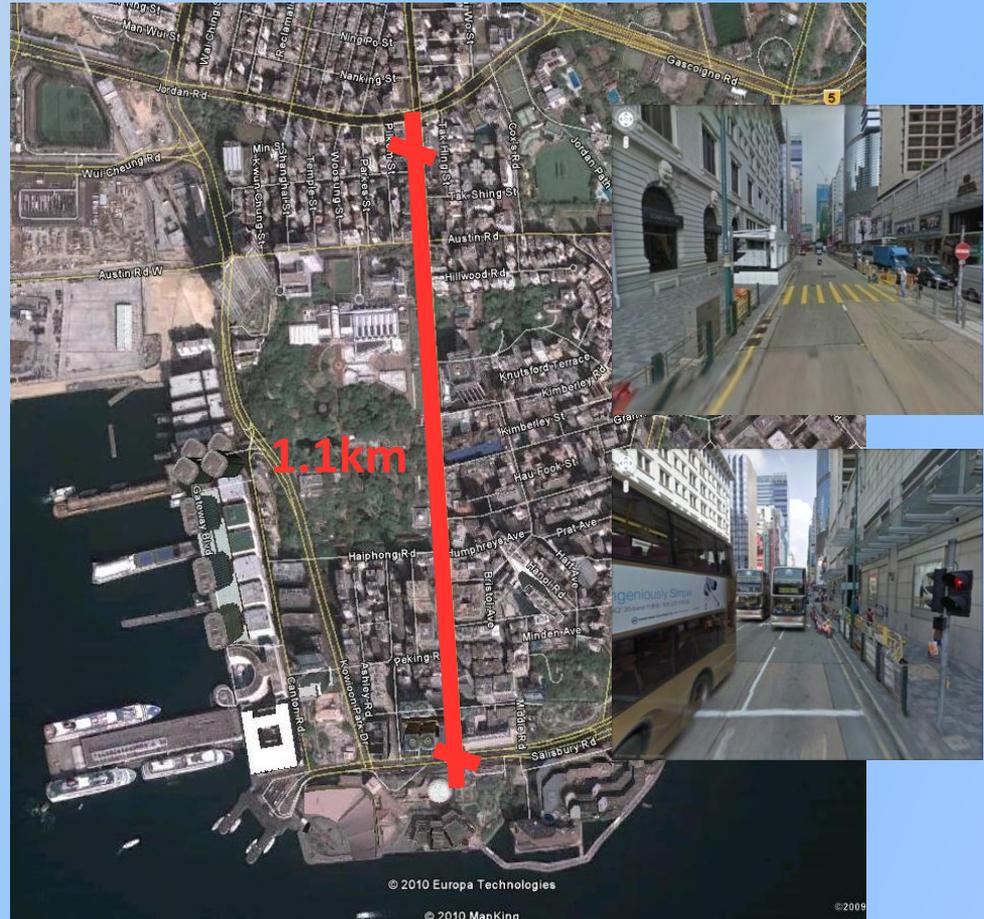

Scale of Road Corridor

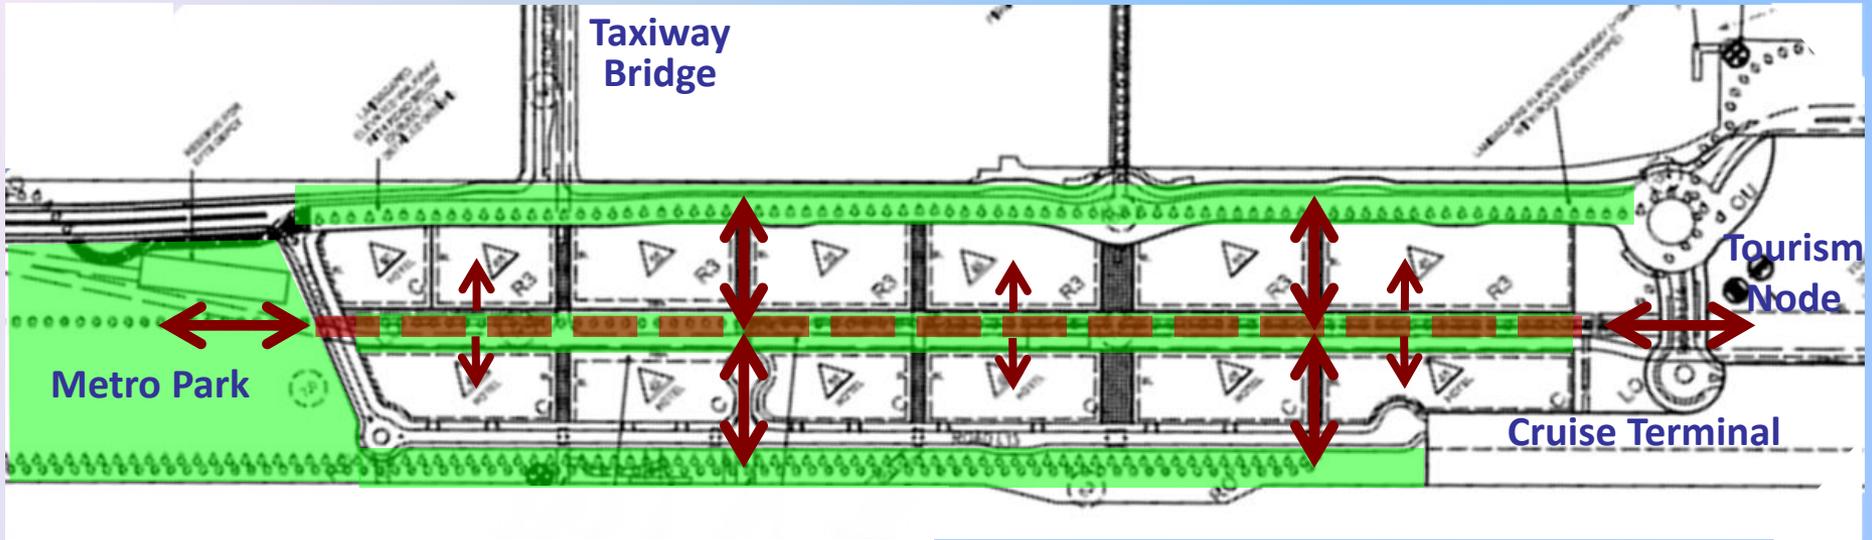

Hennessy Road
[30m between facades]

Pedestrian Connections

← Pedestrian Connections

Issues to be Addressed in Road Realignment

- Constraints on Alignment and Levels
- Environment and Visual Impacts
- Connectivity for Pedestrian Circulation
- Other Urban Design Considerations

Way Forward

- Refinement of Street Furniture and Landscaping design to be incorporated into on-going construction contract for completion in mid 2013
- Continue to develop design for realignment of Road D3 and associated townscape layout review
