CIRCULATION

The image is a detailed architectural site plan of a multi-purpose area. The central feature is a large, semi-circular arena with a dotted floor pattern and a series of vertical lines along its inner edge, possibly representing seating or structural elements. Surrounding the arena are various functional zones: a parking lot with several car symbols, a building with a circular feature, and landscaped areas with trees and walkways. The plan is rendered in a light gray, semi-transparent style, overlaid on a white background. At the bottom of the image, there is a decorative graphic consisting of several horizontal, wavy bands in shades of brown and orange, suggesting a landscape or terrain profile.
