Way Forward 未來展望

Further to five-year plan, LCSD in collaboration with the works departments will encourage more community participation in order to collect opinions from different stakeholders on the design of the new children's play area under capital works projects and replacement of existing play equipment providing more play equipment with modern and creative design.

除了五年計劃外，康文署及相關工程部門在工務計劃項目下興建新遊樂場時或更換現有遊樂場設施時，會繼續鼓勵更多公眾參與活動，將持份者的意見納入設計當中，以持續設置更多新穎而富創意的兒童遊樂場設施。
