The Hong Kong Academy for Performing Arts

The Hong Kong Academy for Performing Arts established by Government Ordinance in 1984, is a leading university-sector institution in the performing arts in Asia. It provides professional undergraduate education and practice-based postgraduate programmes in Dance, Drama, Film and Television, Music, Theatre and Entertainment Arts, and Chinese Traditional Theatre. Its educational philosophy reflects the cultural diversity of Hong Kong with emphasis on Chinese and Western traditions, and interdisciplinary learning.

香港演藝學院

演藝學院於1984年依據香港政府條例成立，是亞洲首屈一指的表演藝術高等學府。學院提供舞蹈、戲劇、電影電視、音樂、舞台及製作藝術，及中國傳統戲曲等本科學位及以實踐為主的碩士學位課程。學院的教育理念著重反映香港的多元文化，中西兼容，與及提倡跨學科學習。

Development of the Academy's academic programmes and gradual expansion of student population over the years has given rise to a demand for increased campus space. Space requirements will further increase as a consequence of implementing new four-year programmes as under the new academic structure more classes, lectures, rehearsals and inter-disciplinary activities will be held concurrently.

隨著近年演藝學院的課程發展，就讀學生人數逐步增加，對校舍空間的需求亦與日俱增。此外，於新四年制學士學位課程下，將會需要提供更多的校舍設施用作老師授課、學生節目排練及跨學科活動。
