	Depressed water edge	Carefully designed EVA				
Facilities	F&B facilities	F&B & alfresco dining	Marine supporting uses (e.g. Landing steps)	Sewerage facilities	F&B facilities	
	Marine facilities	Berthing of superyachts	Museum	Not compromise typhoon shelter function	Landing steps	
	Bicycle facilities		Exhibition of junk		Free pet access	
	Outdoor seating				Community garden	
	Coach parking				and leisure farming	
Connectivity	APA to waterfront	Hinterland (Tonnochy Road, Marsh Road) to waterfront	Widen the bridge with Percival Street			
		Exhibition Station to waterfront				

#### Summary of Members' Key Comments (6 May 2016)

- HEPs should benefit the general public at large;
- Technical and operational requirements of the marine and water sports uses and activities should be taken into consideration in the HEPs;
- Apart from water sports and recreational uses, marine uses with the associated supporting facilities;
- Marine mooring efficiency should be taken into consideration in the revitalization of the Causeway Bay Typhoon Shelter;
- Other more specific comments on design of park/ open space for pedestrians, cyclists, and landscape decks and proposed cantilever decks;
