# Bringing the Hong Kong Island Coastal Trail closer to the waterfront

- The base map is by Starun showing the safe route for their 60km running event around Hong Kong Island.
- The red dotted lines indicate where the route can move closer to the waterfront.
- To achieve this the following actions have been taken:
  1. 280m elevated walkway linking Telegraph Bay and Sandy Bay waterfronts was approved in principle as a District Minor Works project. As the budget exceeds this category, the project has been re-submitted to ITB/Cyberport for inclusion of their expansion project.
  2. Short bridge over Waterfall Bay is an active District Minor Works project under Home Affairs Department – Southern District.
  3. Request for improvements to existing trail has been submitted to Home Affairs Department – Southern District.
  4. Request for a trail from Cape D’Aguiar Road to Shek O Main Beach has been submitted to Home Affairs Department – Southern District.
  5. Request for opening a pathway through the Museum of Coastal Defense has been submitted for study by the LCSD.
  6. Improvements are in progress under the Harbourfront Commission.
