

**Site Visit to  
TST Ferry Pier  
& TST PTI on  
13 March 2013**

# TST FERRY PIER & PTI

# SITE VISIT PATH

# TST FERRY PIER

- TD was discussing with all relevant Government departments on the works that might be required for renovation of the Pier.
- What could be done would hinge on whether and how the Pier and PTI would be graded as a historical building.

# TST FERRY PIER

# TST PTI

- Renovation works being carried out at the PTI
  - Repainting bus shelter and passenger railing for the bus stops and taxi stand
  - Improvement of disabled facilities in PTI.
  
- Works to be completed in mid-2013.

# THE PTI

Improved disabled facilities

# THE PTI

Repainting passenger  
shelter

## SOME MEMBERS' COMMENTS

- Renovation plan of the Pier should be formulated as soon as possible
- Government should consult AMO on the estimated time needed for the grading assessment of the Pier and the PTI
- Government to explore whether some of facilities within the PTI (e.g. the portable railings at the side of the bus kiosk structure) could be tidied up

# FOLLOW-UP ACTIONS

AMO's advice: -

- Some 200 new items on the grading assessment list
- TST Pier and PTI was one of the new items for grading
- AAB to accord grading status, having regard to the grading proposal recommended by an independent Assessment Panel and public views
- No standard time frame for the assessment process. Subject to the availability of research information on the heritage value of the item.

## FOLLOW-UP ACTIONS (CONT.)

Pending AAB's assessment result, TD will:-

- Continue to liaise with Star Ferry on the feasibility of undertaking some small-scale renovation works for the Pier.
- Continue to liaise with the bus company and the works department to complete the renovation works of the PTI asap by mid-2013
- Coordinate with relevant parties to tidy up the area where possible

THANK YOU
